STAND UP PADDLEBOARD EXPERIENCE

Get out on the water and see the city from an entirely new, and very different, viewpoint. Our qualified and experienced guides will lead you on a journey of self and city discovery.

#SeeTheCityDifferently

ON THE DAY

- Meet your tour guides in the Roundhouse Visitor Centre 15 minutes before your tours start time. Location on What3Words.com is ///daily.froth.forks
- If you have any issues finding your way or are running late, call the Roundhouse Visitor Centre on 0121 716 4077 and we'll let your guide know.
- Make sure to keep an eye on the weather forecast; prepare for the sun or the rain.
- We will provide every participant with a buoyancy aid, regardless of their swimming ability, so that should you fall in you'll be safe.
- No previous experience or specialist clothing and equipment is required - we'll provide the boards, paddles and essential safety equipment. Our guides will get you paddling in no time and cruising along the city's blue highway.
- We'll also provide a semi-drysuit that can be worn over your clothes to provide you with a degree of dryness if you fall in.
- We may be able to offer something for larger groups - please call us to discuss.

HELPFUL INFO

We do have a shower available for after the experience should you require one. All participants must wash their hands following the session.

We use semi-dry suits to keep you warm in case you do fall in. Under these suits it is best to wear gym style clothing to keep you warm/cool. Everyone must wear footwear; old trainers, crocs, are all great.

We have lockers available for your valuables and bags. We strongly recommend that no phones, wallets, sunglasses are taken on the water.

Roundhouse tour visitors get 20% off food at the Distillery pub next door using your ticket.

ACCESSIBILITY

Some information around accessibility for your paddleboard experience:

Stand Up Paddleboarding is a physical activity and as such may not be suitable for everyone. If you have any questions please get in touch on 0121 716 4077.

You'll need a basic level of fitness (walking up the stairs without being out of breath) to fully enjoy this experience. If you have any questions or concerns, please get in touch.

When you arrive at the Roundhouse, the cobbled courtyard is quite steep and a little uneven in places. Please make sure to wear sensible footwear.
